

Dear Parents,

Thank you for enrolling your child on our Sacramental Programme sessions. We will be following a recommended programme from Liverpool Diocese called, 'With You Always.' The new programme is designed to be delivered through Family Catechists- this means that instead of having separate parent and child meetings in an evening and after school, they are delivered during school time alongside the catechists from our parish. There are seven colourful booklets, that are engaging and easy to follow so that some of the work can be completed in the school sessions and some can be done at home. More information will be shared and there will be a chance to ask questions at our first parent meeting.
